

ENEMY WAS FORCED INTO CALUMPIT

SHORT BUT SPIRITED FIGHT WITH FILIPINOS.

Artillery Now Shelling the Town—Only Question of Time When MacArthur's Troops Will Capture Place—American Loss Was Three Killed and Three Wounded—Cut Wires.

Manila, April 26.—[Special].—Wheaton's command, the Kansas and Montana Volunteers, have repaired the bridge over the Bag Bag river. The volunteers, after completing the work, crossed and attacked the Filipinos in their trenches. After a short, but spirited fight, the enemy was forced into Calumpit. The artillery is now shelling the town, and it is only a question of time when MacArthur's troops will capture the place. A small river and another trench still intervene between the Americans and Calumpit.

The American's loss in this morning's fighting was three killed and three wounded. The Filipino's loss was small, they being well protected by the earthworks.

The Filipinos continue to cut telegraph wires.

Fighting Around Calumpit Continues. Manila, April 26.—[Special].—The fighting around Calumpit was continued this afternoon. MacArthur advanced his men as far as Calumpit church, just outside the town.

The natives are strongly entrenched on the outskirts of the town, from which they are fighting the American troops. They are also in force on the opposite bank of the Rio Grande, from which position they are firing on our troops.

The rebels brought their artillery into play today for the first time since the outbreak of hostilities. They fired from several guns in the trenches, but the shots burst over the Americans and so far have done no damage.

Luna Succeeds Aguinaldo.

Manila, April 26.—[Special].—Reports from Spanish sources state that Gen. Luna has succeeded Aguinaldo. Luna threatened to kill all natives, in whose possession the American proclamation recently issued by the Philippine commission is found.

Lawton is still at Noreagary. The Minnesota and Oregon regiments have captured Angata, the first town on the road to Calumpit northwest of Noreagary.

Manila, April 26.—It is believed here that the decisive battle at Calumpit, the Filipino stronghold, is now raging. The plan was to begin the attack at daybreak, and the reports from the front late last night showed that all was in readiness for the final assault. It is intended, if possible, to prevent the escape of the native troops, the best men in Aguinaldo's army. It is said that the Filipino leader himself is in the city.

The men in the American army are in good spirits and rested by their night's sleep. It is expected that the defenders will offer serious resistance before surrendering the city.

Manila, April 26.—The American forces, after a series of brilliant and daring forward movements, took and occupied the village of Calumpit Tuesday. The Filipinos set fire to the town before they left, and the Americans found the houses burning when they dashed up the village streets after the fleeing insurgents.

The Americans first drove the Filipinos from their position on the north bank of the Bagdad river. The defenses at this point were strong, and the enemy was found well entrenched and desperately eager to check the American advance, for these intrenchments formed the sole defense which the Filipinos had guarding the southern approach to Calumpit. The village lies one mile beyond these fortifications taken by our men. It occupies a position on the southern bank of the Rio Grande river.

Rebels Strongly Intrenched. After the fortifications had been taken the Americans steadily and pluckily advanced and took possession of Calumpit. As the Americans entered the town the Filipinos crossed the river, where they now are strongly intrenched on the north bank of the Rio Grande river.

Our officers believe they will make a determined stand at that place. Reports brought to our lines indicate that the insurgents have a piece of artillery stationed at this point. If this is true we will, for the first time, face sharpshooters when the Americans are sent forward to carry these intrenchments.

The Filipinos had made elaborate preparations to check the advance of the Americans at the fortifications on the Bagdad river. The bamboo and cane growth which fronted the defenses had been cut away, so that the enemy had a clear sweep for their fire and an unobstructed view of the American approach. The defenses were very strong, and as the river at this point is deep and has a swift current, the position was well chosen, for the natural obstacles made it exceedingly difficult of access.

As Gen. Hale's men advanced after the attack they were met with some firing. They were not ordered across the river, as the demonstration was intended only to determine the location of the enemy.

Six Americans Killed. Gen. Hale began his advance toward

Calumpit down the north bank of the river which he crossed Monday at Quinga after a hard fight with the insurgents. He had been instructed to move onto Calumpit from the east, while Gen. MacArthur stood ready to send a column of troops north from Malolos on the railroad, when he received word that Gen. Hale's troops had reached a point near Calumpit.

In carrying out his part of the plan Gen. Hale met a stubborn, and at times desperate, opposition from the Filipinos. In charging the enemy's intrenchments our troops lost six men. Eleven were wounded. In return our men inflicted heavy losses upon the insurgents, for it is estimated that 150 of the Filipinos were killed at one point. At another point our men surrounded thirty-eight insurgents, who refused to surrender, and continued firing until the last one was killed. At another place we found twenty-four bodies while at another point eighteen dead Filipinos bore ghastly tribute to the marksmanship of our troops.

Hale Waits for Ammunition.

Gen. Hale reached a position on the bank of the enemy late Monday night, but as the ammunition had not kept pace with the advance of the troops he was compelled to wait. It had been his intention to move directly upon the Filipino works, but the advance was postponed until the ammunition arrived.

At 8 o'clock Tuesday morning Gen. MacArthur, who is now at Malolos, received advice that everything was ready for the advance up the railroad toward Calumpit, and he ordered Gen. Wheaton to lead his brigade onto the train and proceed northward.

The armored cars of the train were filled with the men of Wheaton's brigade, and the moving fort moved north, approaching within 1,500 yards of the insurgent intrenchments.

The Filipinos were busy watching the advance of Hale's flanking column. When the ironclad train reached a point on the tracks about 1,500 yards from the enemy the rapid-fire guns of the Americans began playing on the intrenched insurgents. The center of fire was the breastworks on the north branch of the river, and the machine guns were used with good effect. With the machine guns chucking, the train was pushed forward steadily until it was well within 500 yards of the insurgents' firing line. The enemy concentrated their fire from the right upon the train.

Under Furious Fire. Under this hot cross-fire Gen. Wheaton's men left the train and rushed forward, under increasing fire. The insurgents had partially destroyed the bridge across the river, and the Americans rushed over the partly demolished structure, jumping into the river and swimming the rest of the way.

When the Americans reached the shore the insurgents fell back in good order, maintaining a galling fire during the retreat. The Americans took possession of the works of the enemy, and immediately Gen. MacArthur ordered Gen. Hale to the north to make a reconnaissance in force.

Believes the Enemy Demoralized. Gen. MacArthur believes the enemy is in a condition bordering on demoralization. In an interview he said that the opposition which the American forces had encountered had been desperate and severe, but it was by no means as obstinate as he had feared it would be. He believed that the flanking movement conducted by Gen. Hale, with the consequent heavy loss imposed upon the insurgents, had demoralized them.

The American loss was small, considering the heavy fire which they encountered. The loss is thirty, of which only six were killed or fatally wounded. Gen. Hale's losses, while flanking the enemy, were twenty dead and wounded, including the losses sustained by the Utah battery, which were two killed and three wounded. The Montana regiment lost two wounded, while the Kansas regiment reported three men injured.

SPANIARDS TO BE RESCUED. Force Sent to Relieve Baler May Find Gilmore's Party.

Madrid, April 26.—An official dispatch from Manila states that the Spanish garrison at Baler continues to hold out against the insurgents. It adds that Gen. Otis declined to accept the proposal of Gen. Rios to send Spanish troops to the relief of the beleaguered garrison.

Gen. Otis decided to send an American force, accompanied by a Spanish officer, to rescue the imperiled Spaniards.

Washington, April 26.—There is some reason to believe that Lieut. Gilmore and his party of fourteen sailors from the Yorktown are besieged with the Spaniards in Baler.

Had they been captured by the rebels the news would have been spread by Aguinaldo to encourage his followers. Hence there is good ground for hoping that Gilmore and his party reached Baler alive and are assisting the Spanish garrison in standing on the rebels about the town.

To Succeed Col. Stotenberg.

Lincoln, Neb., April 26.—Lieut. Col. George R. Colton of the First Nebraska regiment is recommended by Gov. Poynter as Col. Stotenberg's successor.

APPROPRIATION BILL PASSES THE SENATE

BILL INCLUDES \$15,000 FOR GREEN BAY REFORMATORY.

Senators Refuse to Recede From Amendment in Anti-Pass Bill—Lamereaux, Whitehead and Roehr Appointed on Conference Committee—Hall's Bottle Bill Killed.

Madison, Wis., April 26.—[Special].—The senate refused to recede from its amendment putting the penalty in the anti-pass bill at a term of imprisonment in state prison and a heavy fine and Senator Lamereaux, Whitehead and Roehr were appointed on the conference committee.

Hall's three corner poison bottle bill was killed in the senate.

Just for a little fun, the senators advanced Senator Withee's bill of taxing newspapers to a third reading.

The assembly passed the bill appropriating money to state, charitable and penal institutions and it includes \$150,000 for the Green Bay Reformatory.

The fish and game bill was laid over to consider a number of amendments in the house.

Madison, Wis., April 26.—By the passage Tuesday in the senate, of the True marriage bill the death knell of Wisconsin as a Greta Green was sounded. Young people who desire to be enshrouded with matrimonial bonds without securing a license will have to look elsewhere. The True bill, which passed the house after a long struggle, required that a license to wed be taken out five days before the time set for the ceremony.

The bill came up in the morning and without debate was defeated. At night its friends secured a reconsideration and the measure passed, 21 to 9. A further motion to reconsider was voted down unanimously.

Another long wrangle followed in the assembly on the anti-pass bill and it finally went back to the conference committee. The assembly refused concurrence to the senate amendment to the bill requiring the carrying free of the railroad commissioner and his deputy, and the amendment greatly increasing the penalty.

After some debate the senate concurred in the assembly bill establishing a state board of immigration. The debate developed that a tract of land as large as Massachusetts remains unsettled in Wisconsin, and that 1,000 families from Norway and Sweden are about to come as a colony to Clark and Chippewa counties.

300 HOUSES BURNED

Town of Guta Almost Destroyed by Fire—Many Bodies Found in Ruins.

Buda Pest, April 26.—[Special].—The town of Guta was almost destroyed by fire yesterday. The bodies of seven women and several children were found in the ruins and many more are missing. Three hundred houses were burned.

FORECAST OF WEATHER

Chicago, April 26.—[Special].—Forecast for Wisconsin: Showers tonight; Thursday cooler.

Proof Against Wasp-Sting.

Mr. Murray, a Scottish naturalist, in a recent paper on the habits of wasps, tells how a blackbird will stand at the side of a hanging wasp's nest and deliberately tear it in pieces, in order to get at the larvae, apparently undisturbed by the swarm of angry insects, whose vicious stings instantly put to flight the human curiosity-seeker who ventures near to watch the demolition.

Speed.

The course which an earthquake runs is usually very rapid. The rumbling earthquake travels at the rate of about 10,000 to 11,000 feet per second, and the earth wave, on an average, about 1,200 feet in the same space of time. This is nothing, however, to the speed with which the rumor of a divorce scandal will spread.

A Paper-Hanging Machine.

A paper-hanging machine has been invented by a Leipzig artisan. The roll of paper is fixed to a rod at the bottom of the wall, a paste receptacle is attached, and the paper is automatically pasted and neatly spread on the wall by an elastic roller.

Diet of Cats.

One of the most successful English breeders of cats says that frequent change of diet benefits the animals. Boneless fish and rice are good for them; so is condensed milk, and in warm weather vegetables should be freely mixed with their food.

"Pants" and Elstedtdods.

A pair of trousers was one of the prizes offered for the best conductor at a recent song festival in Wales. Evidently there are no women conductors—or else they are of the bloomer genus—at Welsh Elstedtdods.—Lewiston (Me) Journal.

FORMALLY ELECTED AS PRISON WARDEN

C. C. MCCLAUGHERY, OF BAY CITY, IND., SELECTED.

State Board of Control Takes Final Action—Testimony Begun at Appleton, Where Peter Ross is On Trial—Wm. Anderson, of Kenosha Arrested on Serious Charge.

Madison, Wis., April 26.—C. C. McLaughery of Bay City, Ind., was today formally elected warden of the state prison at Waupun by the State Board of Control. Negotiations have been in progress between the board and Mr. McLaughery for several weeks, but the first to be generally known about the matter was the dispatch in The Sentinel last week. The members of the board denied then that they had selected Mr. McLaughery, although his selection had been decided on and only awaited formal action. Warden Roberts was here today and conferred with the board regarding the handing over of the prison to his successor.

State Doctors To Meet.

Oshkosh, Wis., April 26.—The fifty-third annual meeting of the Wisconsin State Medical society will be held in this city May 3, 4 and 5. There are nearly 300 members of the society. Thursday evening, May 4, the anniversary banquet will be held in the Tremont house. The president's address will be given Wednesday; the election of officers will be held Friday morning, and Friday afternoon an opportunity for a visit to the Northern State Hospital for the Insane will be given. The officers of the society are: President, Herman Reinke, Milwaukee; vice presidents, John Phillips, Stevens Point; C. W. Oviatt, Oshkosh; secretary, Charles S. Sheldon, Madison; assistant secretary, G. M. Steele, Oshkosh; treasurer, S. S. Hall, Ripon; chairman committee of arrangements, C. W. Oviatt, Oshkosh.

Jury to Try Porter Ross.

Appleton, Wis., April 26.—A jury was secured late last night to try Porter Ross on the charge of killing his sister-in-law. He was recently released, after serving a term for killing his wife.

Mrs. Beaulieu, the keeper of the disreputable house which was the scene of the tragedy, was called to the stand, and the day was spent in her examination. Her statements did not vary materially from those made at the first trial two years ago.

Kenosha People Aroused.

Kenosha, Wis., April 26.—William Anderson, a young man employed at the Northwestern Mattress company, was arrested this morning on the complaint of Marie Schiele, twelve years old, charging him with criminal assault.

The Schiele came here from Chicago about two years ago and were abided by the father last February because he could not live with his wife. A great deal of excitement prevailed in the courtroom this morning when the little girl was telling her story. Anderson came from Madison about six months ago.

Board of Control Decline to Confirm Or Deny the Report.

Madison, Wis., April 26.—The members of the State Board of Control refuse either to affirm or deny the report that M. T. Park of Elkhorn will succeed S. S. Landt as superintendent of the State public school at Sparta. They say that nobody has as yet been elected. It is reported that the Board of Control will give the charitable and penal institutions a general shaking up and that there will be many changes. It is said that Supt. Landt will be made steward at one of the institutions.

Says Water is Impure.

Baraboo, Wis., April 26.—City Engineer W. G. Kerchoffer recently made an analysis of the water furnished the city, and in a paper read before the Fortnightly club he stated that the water was full of bacteria. The company pumps its water from wells fed by springs located at a low point, near the banks of the Baraboo river, below where the sewer empties into the stream, and during high freshets the water backs up into the wells and when it subsides it leaves a sediment of fifth, slime, etc.

Was Scalded to Death.

Menasha, Wis., April 26.—The body of Samuel Clark, of Dubuque, Ia., was brought to this city this morning for burial. Clark was an engineer on the Chicago & Great Western road, and was scalded to death in a collision with an Illinois Central freight train at Elmhurst, Ill., yesterday. He was a son-in-law of L. Howard, of this city, and formerly lived here. The funeral will be held tomorrow afternoon under the auspices of the local Masonic order. The Rev. S. T. Kidder, of Ripon, will officiate.

Killed While Intoxicated.

Madison, Wis., April 26.—Matt Stubble, a farm hand, was run over and killed last night between DeForest and Morrisonville, by the Portage passenger train. He was intoxicated and was lying on the track, doubled up in such a position that the engineer first thought it was a dog.

Jefferson County Farm House Burned.

Palmyra, Wis., April 26.—The large farm house of Joshua Thayer, with nearly all of the contents, was destroyed by fire last night. The loss is partially covered by insurance.

Bound Over For Trial.

Oshkosh, Wis., April 26.—George Thompson, charged with receiving sto-

len goods, was brought up in the municipal court this morning and was bound over until May 25. His bonds were continued in the sum of \$500. Thompson is the senior member of the firm of Webb & Thompson.

Camp Harvey Anniversary.

Oshkosh, Wis., April 26.—The ex-members of Co. B, Second Wisconsin regiment, will celebrate the first anniversary from this city for Camp Harvey by a banquet at the Revere house Thursday evening.

Meat Cooked by Cold.

Anyone who has ever picked up with a bare hand a piece of intensely cold iron knows that the touch burns almost as badly as if the metal were red hot. Indeed, the action of great heat and extreme cold are so similar that a Hungarian chemist has turned the latter to account to prepare meats for food. He subjects the meat to 60 degrees of frost, and then seals it up in air-tight tin cans. The result is that the meat, which is practically "cooked by cold," will keep any time, and can be eaten with very little further preparation.

A Pleasant Thing.

"Wall, yes," replied a prominent citizen of Arkansas to the query of a prospective land purchaser, "we have considerable ague here. It hasn't the pleasantest thing in the world, mebbe, but it has its advantages. When you have a chill yore shakin' amuses the baby, an' it saves a right smart sum, in the course of a year, in the cost of rattle boxes."

POPE IS VERY FEEBLE

Feeling Effects of Recent Exertions—Without Stimulants, Holiness Would Collapse.

Rome, April 26.—[Special].—The pope is feeling the effects of his recent exertions. He takes a glass of cordial every two hours. Without stimulants, his holiness would collapse.

Nernst's Electric Lamp.

Much interest is expressed both in Germany and this country in the new electric incandescent lamp invented by Prof. Nernst of Gottingen. This lamp dispenses with the vacuum bulb of the ordinary incandescent lamp, and in place of the fragile carbon filament Prof. Nernst uses a piece of magnesia. The essence of his discovery is that when magnesium is heated to a very high temperature a weak electric current suffices to make it intensely luminous. The difficulty in making the lamp commercially useful lies in heating the magnesia cheaply. At present this is effected by placing the magnesia at the focus of a reflector which concentrates the heat derived from a spiral of platinum raised to incandescence by electricity.

A Six-Foot Princess.

The crown princess of Denmark is the tallest royal lady—if not the tallest woman—in Europe, her height being six feet two inches. Her grandmother, was Mlle. Desiree Clary, the daughter of a stockbroker of Marseilles. This young woman "jilted" Napoleon Bonaparte, afterward emperor, in order to marry Bernadotte, who finally became king of Sweden and Norway. The crown prince of Denmark is the richest as well as the tallest European princess, having inherited \$25,000,000 from her maternal grandfather, Prince Frederick of the Netherlands, in addition to the fortune left her by her father.

To Dry Shoes.

This is a good season to try the old method of drying the footgear. "When the boys and girls come in from school with their shoes soaked through," says a shoe dealer, "take the shoes off, lace or button them up and fill them full of dry oats and set them away. The oats will absorb the moisture and swell themselves in doing it, and in the morning the shoes will be almost as good as new; not shrunken up and stiffened, as would have been the case had they been thrown in a corner and left to take care of themselves."

Famous Drummer.

Probably the most remarkable drummer who ever lived was Jean Henri, the famous tambour major of the Emperor Napoleon. One of his feats was to play an fifteen different toned drums at the same time in so soft and harmonious a manner that, instead of the deafening uproar that might have been expected, the effect was that of a novel and complete instrument. In playing he passed from one drum to the other with such wonderful quickness that the eye of the spectators could hardly follow the movement of his hands and body.

A GRAND GOLDEN JUBILEE PROGRAM

NOTABLE EVENT CELEBRATED
LAST EVENING.

Fiftieth Anniversary of the Organiza-
tion of St. Patrick's Church—Up-
wards of Six Hundred Were Seated
at Banquet Tables and Listened to
the Entertaining Program.

Half a century ago, St. Patrick's
church of this city, was placed in charge
of a resident pastor.

That the event was one of great sig-
nificance to the Catholics, not only of
that church, but of the vicinity gener-
ally, was demonstrated last evening.

The past fifty years have been event-
ful ones to the parish of that church.
Trials have been encountered in the re-
building of their church, but the mem-
bers have borne all burdens with wonder-
ful fortitude, and kept pace with the
progress of the age, until today the

members of St. Patrick's church wor-
ship in one of the most beautiful
churches in the state, and their church
is one of the foremost of the religious
institutions of Janesville.

Upwards of six hundred people
joined in celebrating the event at
amory last evening, many being from
outside the city. The affair was one of
the most notable in the history of the
church. The hall was decorated with
national emblems.

The earlier portion of the evening
was devoted to the banquet, served by
the ladies of the church, and a more
elaborate one was never served in the
Bower City on a similar occasion. The
tables were prettily decorated with cut
flowers. During the serving of the ban-
quet, Smith's orchestra rendered a pro-
gram of their ever enjoyed concert mu-
sic. A word of commendation should
be spoken on behalf of the corps of
young waiters, who were prompt in the
performance of their duties, and admin-
istered to the wants of those present.

The fact that it was neces-
sary to seat the tables twice
made it quite late when Dean E. M.
McGinnity in a pleasant manner, wel-
comed those present. He then gave a
brief history of the church from its es-
tablishment in 1849, mentioning the
small building which preceded the pres-
ent edifice, whose corner stone was laid
in 1863. Of the choir who sang the
celebration of the first mass in this
church auditorium, Judge John H.
Bennett and his brother, D. D. Bennett,
were the only members present at the
golden jubilee. Only five pastors have
had charge of the parish. Father Patrick
Keenan served the people for three
years; Father Michael McFaul for five
years; Father John Conroy for seven
years; Father J. M. Doyle for sixteen
years and Dean McGinnity has guided
the affairs of the church for the past
nineteen years. Dean McGinnity acted
as toast master for last evening's post-
prandial program.

St. Patrick's church choir sang
"Gloria in Excelsis" with orchestra ac-
companiment.

Rev. Francis Riley, of Whitewater,
told several humorous stories and heart-
ily congratulated St. Patrick's church on
having such an efficient and hard work-
ing leader as Dean McGinnity.

Father J. J. Collins read a congratu-
latory letter from Father R. J. Roche, of
Milwaukee.

"Ah, I have Sighed to Rest Me," a
solo, was rendered by William Garbutt.

Miss Marie McClellan played all the
accompaniments of the evening.

J. J. Cunningham responded to the
toast "The Ladies."

A quartette consisting of Mrs. Marie
Roessing, Miss Margaret Joyce, Wm.
Garbutt and D. D. Bennett, sang "The
Cuckoo and the Poplar Tree."

Judge John H. Bennett told a few
humorous stories and gave a few very
interesting reminiscences of the days
past, and expressed joy in the prosper-
ity of St. Patrick's church.

Rev. J. A. Condon pleased the audi-
ence with his humorous remarks, and
story on Dean McGinnity.

A feature of the evening was the sing-
ing of Rev. S. Dowling, of Argyle. He
has a rich and cultivated baritone voice.
He was forced to respond to a double
encore. He "Crescent and Cross," and
two Coo songs, "Martha's Wedding
Day" and "Ridin' on the Golden Bike."

The reverend toastmaster then called
on Mayor V. P. Birchardson, who offered
the customary excuses, but said he
wished to add his congratulations and to
thank the parish for the privilege of be-
ing present on such an occasion.

Father Collins spoke quite eloquently

of "American Hymn" by the choir.

The exercises were closed with raffling
off some articles. A. H. Smith drew the
lady's gold watch; Mrs. M. Allen drew
the lunch cloth; D. W. Hayes and Mrs.
O'Donnell tied on guessing the number
of beans in a bottle, but Mr. Hayes re-
linquished all claims and Mrs. O'Don-
nell received the prize, a stick pin.

The floor was cleared and for a short
time dancing was indulged in, Smith's
orchestra furnishing the inspiration.

I was reading an advertisement of
Chamberlain's Colic, Cholera and Diar-
rhoea Remedy in the Worcester Enter-
prise recently, which leads me to write
this. I can truthfully say I never used
any remedy equal to it for colic and
diarrhoea. I have never had to use
more than one or two doses to cure the
worst case with myself or children.

IMPLICATES HIS MOTHER.
Mrs. Brunot of Pana, Ill., Is Again
Accused of Aiding in a Crime.

Pana, Ill., April 26.—Henry Brunot,
who, with Frederick Sibley, murdered his
aunt, Miss Jane Brunot of Pana, Ill.,
and threw her body into an
abandoned well north of Pana two
weeks ago, made an additional confes-
sion Tuesday, giving more details of
his crime. This has led to a warrant
being issued for the arrest of the
mother as an accessory to the murder.

Brunot said that he and Sibley had not
filled up the well into which they had
thrown the body of his aunt on the
day they committed the murder, but
went out into the field to do it the next
day after his mother arrived from
Pana. While they were working there
Brunot says his mother came out to
where they were and directed them
where to get the dirt with which to fill
the well. He declared that his mother
knew of his aunt's murder.

Negro Lynched by Negroes.
Galena, Kan., April 26.—Charles
Williams, a colored man, who killed
Laura Canafax, a negroess, Monday, was
put to death by men of his own race
early Tuesday morning. Twenty-five
masked negroes battered down the jail
door and fired at him through the bars
of his cell, killing him instantly. The
coroner's jury returned a verdict that
he was killed by unknown persons, and
no arrests are likely.

WOMEN MASONS.

An Established Lodge of the Order exists in France. It is not generally known that there exists in France a lodge of women Freemasons, says the Scientific American. This curious fact, with all that it implies of masculine complacency and of feminine audacity, is to be explained by the religious situation of France. The Roman Catholic Church forbids its members to be Freemasons; therefore the Freemasons are all revolvers from the church. But do not for this jump to the conclusion that the French Masons, being Freethinkers, have freely invited women into the order. Such a fact would have made a great noise in the world. The truth is simpler; it is that the same impulse that has gathered the men into lodges has driven the women into lodges, also—the reaction from an extreme to another extreme. The woman Masons also are revolvers from the church. The origin of the movement dates 50 years back. At that time certain Masons, who were also Feminists, proposed to admit women into the lodges, and were overruled by a small majority. In 1832 a lodge near Paris, called the "Freethinkers," initiated the first woman, Mme. Maria Derismes, at that time leader of the Feminist movement in France. The high authorities dissolved the offending lodge. Some time passed, and a certain Dr. Henry Martin again made a proposition to admit women. Being refused on all sides, the idea came to Dr. Martin that, by founding a new "obedience," it would be possible to organize an exclusively woman's lodge, which in 1894, was done. Seventeen women were solemnly initiated by Maria Derismes. Mme. Derismes remained at the head of the order until her death, when her place as venerable was taken, and is occupied today by Mme. Henry Martin. The Paris woman's lodge is called "Le Droit Humain" (Human Right). These seventeen women have now become 200, which is to say that the idea makes headway, and they have created other lodges at Lyons, Rouen, Zurich, which adds about 60 more to the number. The meetings are conducted in all things like those of the men, and there are no Masonic secrets not known to the women.

Poetry.

The earliest literary utterances of all peoples emerging from the savage state take the form of poetry, and thus poetry is the earliest literary art to be cultivated. The novel, too, in its earliest form, as told by the itinerant story tellers, was probably either a rhymed or a metrical composition which would be much easier to remember than prose. This is borne out by the generally literary history of the world. Pindar came before Thucydides, Virgil before Tacitus, Dante before Boccaccio, The Chronicle of the Old before Don Quixote, the Troubadours before Moliere and Voltaire. Chaucer before Sir Thomas Moore, and Burns before Scott. The United States offers an exception in Franklin preceding Longfellow, and Germany gave Luther's translation of the bible to the world before the poems of Goethe and Schiller. The general answer to the question however must be in the affirmative.

May Use Negro Troops.

Washington, April 26.—A proposition to utilize negro troops to a large extent in future military operations in the Philippines is attracting much attention and it is believed will be considered by the administration in the near future. Such a policy is urged on the theory that certain racial affiliations may be utilized in a way to defeat rebellious acts on the part of Aguinaldo and his party and to bring peace to the newly acquired possessions of the United States in the east.

Pana Riot Instigator Held.

Pana, Ill., April 27.—The preliminary hearing of Henry Stevens, the colored miner charged with assault to murder and who is the man charged with being the instigator and starter of the riot here on April 10 in which so many lives were lost, was conducted Tuesday in Judge Ewing's court at Taylorville. He was held to await the action of the grand jury of the August term of court in the sum of \$1,000.

Call to Grand Army Men.

Chicago, April 26.—Gen. John C. Black, commander of the department of Illinois, Grand Army of the Republic, yesterday issued special orders touching upon the death of ex-Gov. Richard J. Oglesby, who was a member of Duham post, No. 141, Decatur, Ill. Members of the Illinois posts are requested to take part in the funeral ceremonies, to be held in Elkhart, Ill.

Will Face Their Accusers.

St. Paul, Minn., April 26.—The officers of the Bankers' Life Association of St. Paul, who were indicted in Milwaukee by the federal grand jury on the charge of using the mails for the purpose of furthering a scheme to defraud, are preparing to go to Milwaukee to appear voluntarily before the court and demand an immediate hearing.

Invited to Triple Alliance.

Vienna, April 26.—The Fremdenblatt, the organ of the Austro-Hungarian foreign office, commenting upon the Coghlan incident, invites the United States to abandon Great Britain and join the triple alliance.

Serious Riots in Budweis.

Budweis, Bohemia, April 26.—The strike that has been in progress here for some time culminated Tuesday in rioting, and in the collisions between the troops and the rioters several persons were wounded.

BECOMING A MOTHER.

A Sure Way to Avoid Danger.

Every true woman wants to be a mother. A baby is the dream of her life—the crowning glory of womanhood—true happiness can never be known without the blessings a child brings. Yet the ordeal through which all mothers must pass is so full of pain, anxiety and fear, that many a young life is sacrificed because of the inability to undergo the struggle of childbirth. It is not necessary to suffer in bringing new life into the world. By the use of "Mother's Friend," the suffering and danger can be avoided, and the hour robbed of its dread and pain. This remedy is praised by thousands who have tested it. Every woman is anxious to learn how to avoid the pain and suffering which may be in store for her. The little book, "Before Baby is Born," will be sent free to any address upon application to the Bradford Regulator Co., Atlanta, Georgia.

Chicago Live Stock Report.

Chicago, April 25.—General receipts were somewhat above the average for Tuesday and there was more weakness than strength in the markets, for hogs and lambs sold 10@15c off from the high prices paid for so many choice woolled lambs Monday. Hogs were only a shade lower, not many cases showing a full 5c decline. All useful cattle sold at fully steady prices, demand ruling firmer than usual on Tuesday. Heavy sheep were in strong demand on export account and most of the clipped lambs sold as well as Monday. Today's receipts are estimated at 2,500 cattle, 22,000 hogs and 16,000 sheep.

Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures 'he source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

THE PHOENIX BICYCLE

Factory Running Night and Day

To keep up with orders. Lowell's store is following close on its heels in the mad rush—it's open from early morn' until late at night. The song of the wheel is popular. The entire band is playing the music arranged for Lowell's special benefit and the audience of bicycle buyers is listening attentively. You cannot appreciate this high class music unless you are an interested bicycle person. But if you want a wheel you must hear the song as it is rendered at Lowell's.

THE MAYOR'S MESSAGE.

Mayor Richardson makes some important recommendations in his first message to the council, and while all of his suggestions will not be popular, the message was a straightforward business statement that bears the impress of sincerity and zeal for the public good.

Janesville people have not taken kindly to the municipal ownership theory in the past, and there is nothing to indicate that sentiment has changed. It is equally true that the subject has not been before the people for some time, and perhaps they will be found ready for a change when a canvass is made.

Street work of a more substantial character is greatly to be desired, and it is to be hoped that a better system will be devised.

Milwaukee street must be paved before many years, and it would seem to be an excellent suggestion that sewer pipes be laid, and wires placed underground before an improvement of this character is made.

The street commissioner's records cannot be of much use under the present system, and a new order of things should be brought about in this department as soon as possible.

Mayor Richardson's recommendations as to finances should be heeded. Janesville cannot afford to go backward, but we cannot, on the other hand, afford any useless luxuries. We should not waste at the spigot to save at the bung, nor yet impair the efficiency or usefulness of any of the various departments. This theory, evidently, is the one upon which Mayor Richardson based his message, and it is an excellent foundation for a business administration.

STOP THE TALK.

Captain Coghlan's ill advised talk would seem to call for severe punishment. Too much bickering has been indulged in since the war, and it is about time that Uncle Sam put his foot down. Not only have the unseemly squabbles brought discredit upon the squabblers themselves, but upon the nation as well. The Miles-Eagan affair, the row between Sampson and Schley, and Hobson's foolishness, are followed by Coghlan's indiscretion, and Captain Wilde's protest against the promotion of General Miller. What will come next? Are foreign nations to be given further reason to believe that the Americans who can fight so bravely are unable to hold their tongues—that the men who can conquer worlds cannot control themselves?

The authorities should make an example of someone, and stop such disgraceful actions. The fact that a man has made an heroic record in battle does not give him the right to trample on others, nor excuse him in the least for making a fool of himself, and bringing discredit on the flag that he represents.

The soldier or sailor owes the same obligation to his country in time of peace that he does in time of war—his duty is to the flag first, and to himself afterwards.

There are union and unions, but the most unique of all has just been formed at Atlanta, Georgia, where the wood sawyers, 200 in number, have formed a trust, and have raised the price of sawing stove wood from seventy five cents to \$1 per day. Every member of the organization is blind or crippled.

A medical authority notes the fact that there are eight sudden deaths among men to one among women. Two solutions of the matter will be offered—the women will doubtless claim that they eat less tobacco and are more responsible, while the men will lay it to "brain work."

The preachers of Toledo, Ohio, have started a crusade in favor of municipal ownership of all the saloons in that city, claiming that the business could be better regulated under municipal control.

It should not be assumed that because Dr. Nicholas Senn is a candidate for the republican nomination for governor, that the Illinois republicans need the services of a surgeon.

Perhaps it would be well to send Captain Coghlan back to Dewey with instructions to the admiral to act as he

PROPOSE EXTENDING STREET CAR LINE

PRESIDENT BLABON EXPECTED HERE NEXT MONTH.

Two New Cars and Equipments Received Yesterday—Forest Park Car Will Be in Operation For Sunday Traffic—Quarter Hour Instead of Half Hour Trips.

If the local street railway does not take rank among the best in this part of the country, it will not be the fault of George J. Hurd, the newly installed superintendent. In conversation with a reporter this morning, Mr. Hurd said he expected Pres. Blabon of Philadelphia, here early next month to look over his interests and the proposed changes would then be given careful consideration. One of the changes includes an extension several miles south, but further than that Mr. Hurd would not say.

Two new cars and equipments were received yesterday and will soon be placed on the road. The Forest Park car will be in operation for Sunday traffic and by the time the full quota of cars, which it is expected now will reach eight, are running, the time table will be so changed that quarter hour instead of half hour trips will be possible. A car for the exclusive use of funeral parties will be provided in case there is any call for such a convenience. Special attention will also be given to trolley parties and gaily decorated cars in keeping with the occasion, may be chartered at a reasonable figure.

With everything complete the city officials and newspaper men will be given a car with which to inspect the line and the only requirement will be that it is kept on the track.

CITIZENS TO WORK WITH THE OFFICERS

PLANS TO HAVE THE PRESIDENT COME HERE.

Mayor Richardson To Name a Committee To Extend an Invitation to the Chief Magistrate—If He Accepts Arrangements Will Be Made For His Entertainment.

A committee of citizens will act with the city officers in extending to President McKinley an invitation to visit Janesville in July. Mayor Richardson, at the public meeting held last evening read the following letter, which was directed to A. N. Gleason, general agent at Janesville, and E. A. Howell, agent at Beloit, for the Chicago & Northwestern railway.

Chicago, April 19, '99. Dear Sirs—President McKinley and party, it is expected will make the trip over our road Chicago to St. Paul in July this year. The party will, probably, make a short stop at the most prominent points on our road and when the time arrives the question will probably arise which of your two stations they desire to stop. In order that we may not be asked to decide the matter we think it best that some understanding be arrived at with the party before they leave Washington; and, if it is the desire of your city to see the party and have them make a short visit, the matter should be arranged, if possible, at the earliest possible date, which we understand can best be done by your city direct with the president or those who will be with him.

Yours truly,
Hiram R. McCullough,
General Traffic Manager.

On Motion of A. A. Jackson, Mayor Richardson was empowered to appoint a committee of citizens to act with the city officers, as directed by the common council, in extending the invitation.

If the invitation is accepted, steps will be immediately taken to arrange for a reception for the chief magistrate.

The Committee Named

Mayor Richardson this afternoon announced the appointment of the committee, as follows:

Hon. A. P. Lovejoy,
Hon. J. B. Whitely,
Hon. J. W. St. John,
Oscar F. Nowlan,
Hon. John Winans,
Hon. H. Richardson,
Peter J. Mocatt,
Hon. A. A. Jackson,
Hon. J. M. Whitehead,
Geo. G. Sutherland,
Hon. W. G. Wheeler,
C. S. Jackson,
William Smith,
M. G. Jeffris

The committee is requested to meet at the city clerk's office on Friday evening next at 8 o'clock, to co-operate with Mayor Richardson and City Clerk Badger, who will represent the city in extending the invitation.

LITTLE FOLKS BANQUETED

Children's Choir of Congregational Church Entertained

A happy company of young people took possession of the Congregational church parlors last evening. It was composed of the children of the Congregational church choir. A banquet was given them in recognition of their services during the past few months. At 6 o'clock the juvenile singers sat down to the banquet tables, which were laden with most tempting eatables. The balance of the evening was pleasantly passed in games of various kinds.

McVicar Bros. were awarded the plumbing contract and there remains the painting, steam work, elevators and tile flooring contracts, which, Mr. Hayes says, will be awarded in a few days.

ASLEEP IN JESUS.

Arthur Edwards.

Arthur Edwards, of Oconto, one of the brightest boys in the state school for the blind died very suddenly of congestion of the brain at 11 o'clock this morning. He was in his usual good health and spirits last night and did not complain of illness until early this morning. He has been in the school since 1893 and was one of the most promising in his class. He was a member of the orchestra, playing the double bass. His relatives have been notified of his death, and the remains will probably be sent to Oconto for burial.

John A. Withington

Funeral services over the remains of the late John A. Withington of the town of Rock, were held this morning at 10 o'clock from the home of the brother of the deceased, George Withington, in the town of Plymouth.

Edward D. Hall.

The funeral of the late Edward D. Hall was held from the home on Acadie street this afternoon at 2:30 o'clock. Rev. Arthur Kempton, of the Baptist church, officiated. Interment was in Oak Hill.

Willie Murphy.

Dean E. M. McGinnity, of St. Patrick's church, conducted the last sad rites over the remains of little Willie Murphy this afternoon at 4:30. The burial was in Mount Olivet.

LOOKING FOR A LOCATION

Whitewater Firm Would Like to Come to Janesville

At the citizens' meeting last evening, Mayor Richardson made the fact known that he was in receipt of a letter from Weyher & Son, manufacturers of milk wagons, at Whitewater.

The letter stated that the firm was looking for a more desirable location, where they would have better railroad facilities and they are strongly convinced that Janesville is the place for them.

The author of the letter also stated that last season the firm turned out 787 wagons, and this year expect to turn out 1,000, and that they have nineteen hands in their employ.

If this firm should locate in the Bower City, they feel quite sure the capacity of its plant could be doubled. A bonus is not asked, but a loan of \$8,000 at 4 per cent is desired and, if this is impossible the matter will drop as far as locating here is concerned and the firm's eagle eye will be cast in other directions.

It Is Good Coffee.

Not a common, cheap pick-up article is this National Blend coffee we are selling at 20 cents per pound. It has the body and quality that make it worth every cent of 30 cents a pound. The rapidity with which it is going shows that it is an appreciated bargain. The people who buy it are telling their friends about it. Sanborn.

Victims of Quingua Battle.

Washington, April 26.—Maj. Gen. Otis reported to the war department that the total American loss in Sunday's battle at Quingua was six killed and forty-three wounded. The First Nebraska suffered the heaviest, having four men killed and twenty-eight wounded. The other two slain belonged to the Fourth cavalry, which also had five wounded. The Fifty-first Iowa had seven wounded, the Utah light artillery two, and the First California one.

Hearst's Proposal for Armistice.

London, April 26.—The Birmingham Post hears that it is probable that an armistice will be proposed in the Philippines, with the idea of giving the Filipinos autonomy under an American resident general.

BASE BALL PARK FOR JANESVILLE

EDGERTON ENTHUSIASTS HOLD CONFERENCE HERE.

Option Secured on Tract of Land—Street Car Company Agree to Run Branch Line—Contractors Figuring on Grand Stand With Seating Capacity of 7,000.

It now seems probable that Janesville will have another ball park and one that will eclipse Athletic park. Several enthusiasts from Edgerton among whom were Henry Johnson and J. B. Earle, were in the city yesterday and held a conference with some of our business men which resulted in a proposition being made to the street railway company and an option secured on a tract of land at the northeast corner of Beloit and Eastern avenues. In case this property should not be deemed desirable and no other piece can be secured adjoining the right of way, a certain tract east of town will be leased for a term of years and the street car company have agreed to run out a branch line and stand the expense of erecting a high board fence around the park. Contractors are now figuring on a grand stand that will accommodate a thousand people. Dressing rooms for the players will be arranged in the basement of the stand.

That Edgerton will have a first class ball team goes without saying and it is to be hoped that this city will not be behind. With a first class Y. M. C. A. team to play against, the national game would once again receive its fair share of attention.

HIGHER COURT DECISION

Beloit Holds Its Park—Baines vs. City of Janesville.

The decision of the supreme court in the appeal of the case of Edwin F. Carpenter and J. W. Bates against the city of Beloit, was in favor of the defendant and sustained Judge Bennett's ruling.

The controversy was over "Mechanics Green" park property in the city of Beloit, plaintiffs claiming that the original owner, Horace White, whose heirs had transferred all equities to them, had never made a valid grant of the land.

A. A. Jackson and City Attorney John P. Root, of Beloit, appeared for the defendant, while Sutherland & Nolan looked after plaintiffs' interest.

Frank S. Baines appeared from the injunction granted by Judge Bennett in an action against the city of Janesville and the supreme court ordered the action dismissed.

A GOOD ATTRACTION COMING

Smith's Celebrated Cornet Band at the Grand Saturday Evening.

Henderson Smith's celebrated cornet band, the greatest colored musical organization in the world, is with the big alliance of the world's greatest colored amusement institutions. Darkest America consolidated with John W. Vogel's Afro-American, Mastodon Minstrels, which is billed to appear at the Myers Grand Saturday, matinee and night, April 29.

Prof. Smith is known as the "Black Sousa," and the daily band concerts at noon and at 7:15 p. m. are especially interesting to lovers of classic selections.

LOCAL DELEGATES WILL GO

To Attend Flour Salesmen Association Meeting

The Wisconsin and Illinois Flour Salesmen's Association has called a meeting for Friday and Saturday of this week to be held at Dubuque, Iowa. Janesville, which is the home of many men who are firm believers in the "staff of life," will send the following delegates: John D. and Archie Crawford, John D. Kearney, N. O. Clark and B. F. Crossett. About one hundred and fifty representatives are expected to be present.

Mahaney-Thomas

The wedding of Miss Inez Thomas to Joseph W. Mahaney was solemnized at the home of Rev. E. H. Pence this afternoon at 1:30 o'clock. The young people left on the 2:30 train for Chicago and from there they go to Belvidere where a home, already furnished awaits them. The bride is a sister of Mrs. James Scott of this city and has been until recently a member of the T. P. Burns force. The groom is a son of Mr. and Mrs. J. W. Mahaney of this city and is employed by the Belvidere Bicycle Co.

Another Car of Flow.

We have just received another car of that very fancy patent floor, "Jennison's Very Best," it will retail at the same price we have been selling, \$1.00 a sack. The wholesale price at the mills still remains at \$3.90 and \$4.00 per barrel in car lots or \$1 per sack. Our buying in large quantities at the proper time gives us an opportunity of keeping the price down for a length of time. We do not guarantee the \$1.00 price for any period. Sanborn.

Odd Fellows' Celebration

The eightieth anniversary of Odd Fellowship in the United States will be celebrated by appropriate exercises at East Side Odd Fellows' hall next Wednesday evening. All Odd Fellows in the city are cordially invited to be present. By order of COMMITTEE.

DAMAGE SUIT BILL LIKELY TO PASS

WHEELER MEASURE IS FAVORABLY CONSIDERED.

The Regulation Would Give Janesville More Exalt Justice in Such Actions in the Future—Milwaukee Senator Joins With Mr. Whitehead in Arguing For It.

It is quite likely that Janesville will get some relief from the "damage suit bill." In the senate yesterday Mr. Wheeler's bill, No. 350a, relating to injuries received on defective sidewalks was also read a third time after a short debate. Senators Roehr and Whitehead talked for the bill, and Senator Mills against it. Senator Whitehead said that he and Mr. Wheeler were instructed by the common council of Janesville to work for the passage of a bill absolutely cutting off the right of any person to sue a city for an injury received on a sidewalk on which there was snow or ice. He told how Janesville was each year compelled to pay large sums as damages under the present law, and he felt that the right of the public to sue the city every time a person fell on a sidewalk should be ended. Senator Roehr said that Milwaukee was being fleeced in the same manner only on a greater scale. The damage cases were a serious financial burden on the city, and something should be done in the same lines as this bill to end it. Senator Mills in his speech in opposition to the bill declared that the sidewalks of Milwaukee were so defective, uneven, and of so many different grades that there was no wonder that the city was being constantly sued for damages. The bill was then ordered to a third reading by a small majority.

What He Wanted.

Mrs. Hornbeak (locking up from her newspaper)—Here is a patent medicine which is guaranteed to cure ye after everything else has failed. Farmer Hornbeak—Huh! What I want when I'm sick is a medicine that will cure me before I've tried everything else, an' not one that I have to put off takin' till I have waded through the whole blamed meddery meddick without gittin' relief.

Whole Cure.

It is said that in Australia there is a hotel where rheumatic patients congregate. Whenever a whale has been taken the patients are rowed over to the works where the animal is cut up, the whalers dig a narrow grave in the body, and in this the patient lies for two hours, as in a Turkish bath, the decomposing blubber of the whale closing around his body and acting as a huge poultice. This is known as the whale cure for rheumatism.

GIVE THE CHILDREN A DRINK

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

"Popeline,"

Paris Cor. New York Tribune: "Popeline" is the name of one of the spring fabrics. It is exceedingly pretty in ash gray and dark red, and both of these colors are much worn. There was a nice gown of red popeline seen at the Lamoureux concert last Sunday. The skirt was trimmed with bands stitched in scallops to simulate an open tunic, and the bodice was trimmed about the shoulders and down the front in the same way. Red straps and small steel buttons connected the sides of the bodice over a vest of white lace embroidered with steel. This was worn with a toque of gray panne trimmed with imitation feathers in white and gray tulle. The afternoon was extremely cold, and heavy wraps were worn over the pretty spring costumes. A fetching long cape was of gray panne, with collar and deep scalloped border of gray astrakhan; this was lined with ermine, and when thrown off showed a gown of blue chiffon made with a deep yoke of guipure over corn-colored silk. The hat was a toque of blue straw oddly trimmed with a bunch of blue, heads and stems grouped both ways.

FLOODS CAUSE MUCH ALARM

Missouri River Threatens Damage at Omaha.

ARMED MEN GUARDING DIKES.

System of Close Watching Inaugurated—In South Dakota the River Is Seriously Making Its Way to an Old Bed—Valuable Land Destroyed.

Omaha, Neb., April 26.—With the Missouri still rising at this point and Cut Off lake filling up and threatening to cut through Locust street and form a junction with the main body of water, people in the lowlands and those who own property there do not know what the future contains for them.

The water is backing up against Swift & Co.'s icehouse at the rate of one and one-half inches an hour. Live stock has been driven into box cars standing on the sidetrack, and now these cars are submerged to the tops of the wheels.

North of Swift's the plant of the South Omaha Ice and Coal company has two feet of water in the icehouse. Unless the lake recedes soon the loss will be considerable. Water rose in East Omaha until it reached the top of the street railway track.

Three watchmen armed with shotguns are keeping guard at the Locust street dike at the south end of Cut Off lake, with the purpose of shooting any person they may catch trying to cut through the dike in order to permit the escape of the flood of water that is overspreading East Omaha and the islands to the northward. These men have been on watch for two nights and will be there as long as the flood continues. This system of watchmen, employed on the levees along the lower Mississippi, was selected as the best precaution against this danger.

From the upper river country come alarming reports of the Missouri's ravages. In Union county, South Dakota, the river is cutting deep into the banks toward McCook lake, an old river bed. It lacks only a short distance now of getting through, and should this happen a new course would be made across valuable farm and timber land into the Sioux river. Already one woman has lost 250 acres of timber land. It is simply falling into the river, carrying trees and everything else with it. The river may yet tear a new course into Dakota county, Nebraska, and great alarm exists.

IN HONOR OF OGLESBY.

Funeral of the Former Governor of Illinois to Take Place on Friday.

Elkhart, Ind., April 26.—The funeral of the late Richard J. Oglesby will be held on Friday at 2 o'clock at the chapel of St. John the Baptist, near here.

The funeral will be a military one, and will be under the direction of Gov. John R. Tanner. The Decatur and Springfield guardsmen will take part in the services, as will also the Grand Army of the Republic posts from Decatur, Lincoln, Springfield and Chicago. The chapel is just across the road from Oglesbury, the home of the Oglesbys. The services will be conducted by the Rt. Rev. George F. Seymour, bishop of the diocese of Springfield, who will be assisted by the Rev. George D. Miller, rector of the parish.

After the funeral, which will be a public one, the remains of the former governor will be laid to rest in the vault of the chapel, where they will remain until the private funeral and interment, which will not take place until the return of Miss Felicitie Oglesby from Paris. Upon her return a private service will be held and the remains of the gallant old hero will be laid to rest in Elkhart cemetery.

Messages of condolence have been received from all parts of the United States, and among those who came to express their sympathy were Gov. Tanner, Senator Cullom, Bishop Seymour and wife of Springfield, R. B. Burroughs, William Darrough and Dr. and Mrs. Will Barnes of Decatur.

Iowa Winter Wheat Is a Failure.

Des Moines, Iowa, April 26.—The crop report of the state says the spring wheat is all in, but the acreage is smaller than last year. The acreage of oats and barley is an average, and sowing is completed in the northern part of the state, but is delayed by

rains in the southern part. Grass is making a late start, stock requiring much later feeding than ordinarily. Clover is winter-killed in every part of the state, and winter wheat is practically a failure.

Will Not Stop Miners.

Des Moines, Iowa, April 26.—Gov. Shaw has refused to do anything to prevent the importation of miners into this district to take the place of the strikers. He told a committee of the leaders of the strikers, who called upon him, that under the Iowa law he has no power to interfere. There have been about 500 miners come to Des Moines from other states in the last three days. Most of them are colored men. The strikers are raising money to send them back to their homes.

President Is Feeling Better.

Washington, April 26.—The president was feeling better Tuesday, though he still suffered from the attack of neuralgia which compelled him to deny himself to callers Monday. The illness is not expected to interfere with the president's trip to Philadelphia to attend the ceremonies in connection with the unveiling of the Grant monument on Thursday.

For a German-American Cable.

Washington, April 26.—A signal evidence of the purpose of the United States to maintain friendly relations with Germany has been given in the favorable action of the president, at the instance of Secretary Hay, in approving the project for a new transatlantic cable running between Germany and the United States. The project was brought forward by prominent German-American interests, and has had the active support of the German ambassador here, Dr. von Holleben.

Coghlan Leaves New York.

New York, April 26.—Amid the cheers of thousands the cruiser Raleigh, with Capt. Coghlan in command, weighed anchor at 4 o'clock Tuesday afternoon and made her final start for Philadelphia, where she will take part in the Dewey-day celebration on May 1. Capt. Coghlan said before the departure of the Raleigh that he had not yet heard any complaint from Washington about his speeches.

Walcott's Easy Victory.

New York, April 26.—There was just two minutes and twenty seconds of real fighting at the Lenox Athletic club last night, and a crowd, which paid high prices to see the sport, went home dissatisfied. Joe Walcott, the colored welter-weight of Boston, knocked out Dan Creedon, the Australian middle-weight, in practically a punch in the first round of what was intended to be a twenty-round fight.

Presbyterian Women to Meet.

Pittsburg, Pa., April 26.—Six hundred women, hailing from nine different states, assembled in East Liberty Presbyterian church last night to inaugurate the twenty-ninth annual meeting of the Women's Foreign Missionary Society of the Presbyterian Church, commonly known as the Philadelphia board. The regular business session began this morning at 10 o'clock.

Russia Makes a New Move.

Bombay, April 26.—The Times of India says it learns from an unimpeachable source that Russia has secured an interest in a port of the Persian gulf, sufficient to give her the right to take possession of it whenever she chooses. It is added that this information comes direct from Teheran, and it is believed the port referred to is Bunder-Abbassee.

Belgian Strike May Spread.

Paris, April 26.—It is believed here that the Belgian miners' strike may soon spread to the neighboring countries. There will soon be an appalling scarcity of coal in Belgium, and the manufacturers of that country will be forced to buy German or English coal. The price being higher, the Belgians will be at a marked disadvantage in filling their orders.

To Try Wireless Telegraphy.

London, April 26.—The British admiralty will shortly make a series of experiments with a view to learning to what extent the wireless system of signaling may be utilized. The wireless system is also soon to be tried between the lightships and lighthouses of the United Kingdom.

Preachers Meet in St. Louis.

St. Louis, Mo., April 26.—The first national congress of the Christian church convened in the First Christian church Tuesday, with about 200 ministers of that denomination present from different parts of the country. Three days' sessions will be held.

For Bryan and Harrison.

Shelbyville, Ind., April 26.—Editor George M. Ray of the Daily Democrat heads his editorial columns with the names of William J. Bryan and Carter H. Harrison for the democratic standard bearers in 1900.

Excursion baked beans ready for the table, large quart can 5 cents, regular 15 cent size. Sanborn.

Reject Gov. Mount's Plan.

Indianapolis, Ind., April 26.—President Kann of the Alexandria plate-glass works has notified the governor that the plan suggested by the chief executive looking to a settlement of the trouble with striking employees could not be entertained by the company.

If you insist on having Maple City Self-washing Soap you want the best. If your dealer does not keep it he will get it to you.

EXPLOSION INJURES MANY.

Two Men Are Instantly Killed at Philadelphia.

MORE THAN A SCORE HURT.

Accident at Flier's Chemical Works, Twenty-Fourth and Callowhill Streets—Factory Wrecked and Adjoining Buildings Demolished—The Injured.

Philadelphia, Pa., April 26.—By an explosion of benzol in Flier's chemical works, at Twenty-Fourth and Callowhill streets, Tuesday, two men were killed, two others are unaccounted for and one woman was fatally injured. A score of persons were more or less seriously injured. The dead:

CHARLES M'GINLEY.

WALTER MAINWARING.

Following is a partial list of those injured:

Mrs. Lizzie Donohue; fatally.

Mrs. Barr; blown from her doorstep into the street; slight.

Mrs. O'Donnell and infant; blown from doorway into the street; slight.

Charles Marion; cut by flying glass.

Harry Randall of Camden, N. J.; scalp lacerated and body burned.

James Glideson, aged 1 year; badly burned.

Mrs. Julia Glideson; seriously burned.

Margaret Driscoll; cut by flying glass.

John McKee; head and legs cut.

John Hannerhan; bruised and cut.

Thomas Daly; cut by flying glass.

Andrew Monahan; cut by flying glass.

Sally E. Stackhouse, aged 37; internal injuries and shock.

George Condon of Camden, N. J.; hands and arms badly burned.

Edward Galanough; internal injuries.

Michael Hanahan; burned about the head.

Fireman; injured by falling wreck-age.

There were two explosions, the first occurring at 9:55 o'clock and the second a few minutes later. The factory is a total wreck, and buildings for a distance of half a square on both sides of Callowhill street were partially demolished.

Four men were at work when the explosion occurred. They were Harry Randall and George Connor of Camden and Walter Mainwaring and Charles McGinley of this city. They were mixing ingredients for flavoring chewing-gum, when fumes from benzol which was being used reached the boiler and the explosion occurred.

SETTLERS WIN A BIG SUIT.

Court Decides in Favor of Occupants of Land Valued at \$10,000,000.

Frankfort, Ky., April 26.—Judge Cantrell of the Franklin Circuit court decided the case of Edward Uhl and others vs. A. J. Asher, register of the land office, and others, involving a tract of mineral and timber land in Clay and Leslie counties, containing 206,800 acres, on which are about 1,000 settlers claiming resident ownership.

The suit was instituted by Uhl, who claims it under a patent issued to John H. Cheever in 1871. Judge Cantrell decides that this patent is invalid and that the resident owners cannot be evicted, holding that they have possession, in addition to occupancy, by a prior claim.

The land is said to be valued at about \$10,000,000. The case will be appealed.

Giant Copper Deal Complete.

New York, April 27.—It was given out in Wall street Tuesday that the long-talked-of copper combination has been made and that formal announcement of the deal will be made next week, and possibly even before. According to the stories in the street, the Standard Oil people have underwritten no less than \$200,000,000 of the capitalization of \$400,000,000. It is explained that J. P. Morgan has taken one-half the amount credited to the Standard Oil groups of capitalists and the Rothschilds the other.

General Health Is Good.

Havana, April 26.—The first death for a month from yellow fever occurred Tuesday, the victim being a Spanish immigrant, who had been in Cuba for only a few months. One other new case was reported for the week ending April 22, making a total of five known cases of the disease. There are seven cases of smallpox, one of which was reported last week. The general health of the city is excellent, comparatively speaking.

Fail to Make Agreement.

Brazil, Ind., April 26.—State Labor Commissioner L. P. McCormick and John Mitchell, national president of the miners' organization, met with the striking machine miners and operators here Tuesday to endeavor to bring about a settlement. No agreement was reached.

Prepares to Attack Trusts.

Indianapolis, Ind., April 26.—The attorney general of Indiana is preparing to proceed against the trusts. One combination in particular has been decided upon, against which a clear case is said to be established and with which the officials will begin the battle.

Mine Owners Refuse Offer.

Little Rock, Ark., April 6.—An offer made by Gov. Jones to arbitrate the differences existing between the mine owners and miners in Arkansas has been refused by the operators.

LETTERS TO MRS. PINKHAM FROM WOMEN RELIEVED OF SUFFERING:

Mrs. George Osmun, of Belvidere, Warren Co., N. J., writes:

"Suffering as I had from weakness, irregularities and backache for several years, a release from this suffering was a blessing. Oh! how I wish more suffering women would accept your kind offer and be relieved. There is no need for women to suffer. Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound will relieve them."

Mrs. Ida Peters, Milan, Tenn., writes:

"DEAR MRS. PINKHAM—When I wrote to you, the first time asking your advice I was a great sufferer. Menstruations were irregular, sometimes a week too soon and then a week or two late, and when they appeared were very profuse; great pain and tenderness in the bowels, pain in back and limbs, leucorrhoea all the time. I was weak and nervous and had no appetite. Burning and choking sensation in my throat. I received your reply and followed all your instructions and now I am cured. I owe my recovery all to Mrs. Pinkham's advice and her wonderful remedies."

Mrs. Maggie P. Stine, New Berlin, Pa., writes:

"I have suffered with terrible backache in the small of my back for about seven years, and could never get anything to help me. I tried several physicians, but found no help. I have now taken three bottles of Lydia E. Pinkham's Vegetable Compound, and feel like a different woman."

Mrs. H. A., 124 Cedar Street,

Owosso, Mich., writes:

"Nearly three years ago I wrote to you asking advice in regard to my health. I was so miserable; suffered from painful menstruation and backache, was nervous, dizzy and faint. I received such a kind letter from you, telling me just what to do. I followed your advice and I now am recommending Lydia E. Pinkham's Vegetable Compound. I thank God for this pain destroyer."

Mrs. Pinkham Saves

Mrs. McDaniels' Life.

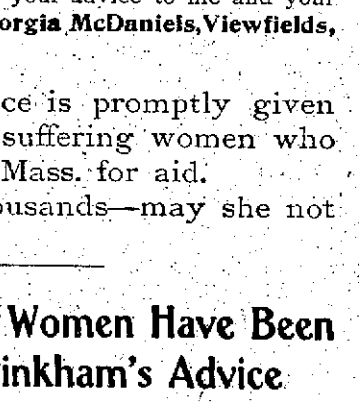

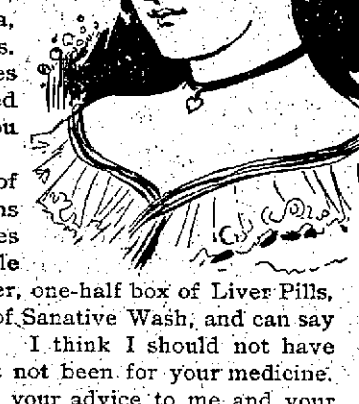

"Nearly all the time for seven years I was confined to my room. I consulted the best doctors in my town, and tried almost everything. I could think of, but received no lasting benefit. My whole body was diseased, and the pains I suffered no tongue can tell. I believe there is not a pain that any woman ever suffered but what I have had. I was troubled with backache, nervousness, a burning and constant distress in the stomach, painful menstruation, leucorrhoea, and at times very bad headaches. At last seeing your remedies so highly recommended I decided to try them, and to write to you concerning my troubles."

"After receiving your letter of advice, I followed your directions and have now taken four bottles of Lydia E. Pinkham's Vegetable Compound, one of Blood Purifier, one-half box of Liver Pills, and one and one-half packages of Sanative Wash, and can say that I feel like a new person. I think I should not have been on this earth now, had it not been for your medicine. I cannot thank you enough for your advice to me and your wonderful medicine."—Mrs. Georgia McDaniels, Viewfields, South Dakota.

Mrs. Pinkham's advice is promptly given without charge to all suffering women who write to her at Lynn, Mass. for aid.

She has helped thousands—may she not help you?

A Senator's Wife

made over three thousand calls in person and by card during one winter season in Washington. She was utterly exhausted in the spring and kept her bed almost all summer to regain strength for the next winter. Had she systematically taken
